

**Option 1 – If you used Makers Empire**

If you used the free 3D design tools to create your design please make sure you give your design the title 'SPACE TO DREAM' so it shows up in the virtual gallery. You do not need to complete this sheet but you may find it a handy record to help you when filling in the online Challenge Completion Form.

**Option 2 – If you would prefer to draw your design on paper**

Draw a finished diagram of your invention on this page. Use black pen. Add colour if you like. Labels are good as they explain your design. No special drawing skills required, it's all about the idea!
